## From the desk of Principal Montgomery

.All of us must be willing to do what it takes to keep Matsuyama extraordinary!

The foundation of Matsuyama Elementary School is parent involvement. Over 47% of our student population is here by choice, either through open enrollment, permits, or Program Improvement transfer. Parents choose to send their students here for the academic program as well as the level of parent involvement. Based on my own experience as a parent, teacher, and administrator I can tell you the single component of a school that tips it from good to great to exceptional is parent involvement! If we wish to keep Matsuyama a distinguished school we all need to do our fair share. It seems as if the same people are carrying all the weight at our PTA events and I can see it is beginning to wear on them.

Matsuyama receives \$112 per pupil in categorical funds; because of that we have to count on PTA to provide funds for field trip scholarships, after-school activities, crossing guard, books for our library, technology, assemblies, physical education equipment, and classroom enrichment. These are the very things that make every child's school experience memorable. Just imagine what Matsuyama would look like without the programs and resources provided by the PTA. We would just be ordinary! Let's all strive to be extraordinary so we can keep our school extraordinary. Answer the call for volunteers when PTA asks. Do your part, nothing is too little, every bit helps and is greatly appreciated. There is work that can be done at home, we always need help with clean-up and set-up, and donations help increase our profit. Many of our PTA board members have children that will soon be leaving Matsuyama, so we need people to step into leadership roles while those seasoned parents are here to train and educate families just starting out on their school journey. I am challenging all Matsuyama parents to find one event they will commit some time to. Imagine how great we could be if we all just lent a hand to help lighten the load a bit? All of us must be willing to do what it takes to keep Matsuyama extraordinary!

The second round of parent/teacher conferences will be held from March 2nd through March 6th. While conferences are not required for all students, parents may request one. The trimester ends on Friday, February 27th. Students in grades 1-6 will be on a minimum day schedule from February 27th through March 6th. Please mark your calendars and make arrangements for a 12:30 dismissal.

**From your PTA, Karen Landeck**

**It takes many thanks to put on a dance! I was very proud that we were able to put on such a fun event for the kids. Those kids looked like they had a blast and we couldn't have done it without all of our tireless volunteers.**

Thank you DJ, Rege Farina, he makes it so fun and it takes so much the time and trouble to bring in your equipment and lights! You know what it means to go the extra mile. Thank you John Yee and Tiffanie Yee for capturing the night with the photo booth. You were fast, professional and those pictures look fantastic! Thank you Cherissa Chew and Lisa Leong, for working all night at the loudest place in the room next to the speakers. ## Student Staff Spotlight

### Meet Ms. Lomboy by Christy Chan and Meleina Leal

**Ms. Lomboy is a teacher at Matsuyama. Her original plan was a career of music. She went through college and decided to teach. When she teaches, she likes teaching writing the most. She chose Matsuyama to teach at because it is a good community, clean school, safe place for her daughters, there are good teachers and wonderful PTA. She has been teaching for 20 years. Every summer, she teaches at a new school. Ms. Lomboy likes working with children. She plans to never retire because she wants to keep active. Her childhood was really happy and her family is close. When she isn't teaching at school she is with her daughters, doing house chores, shopping, and reads books. She was in a band before she was a teacher. If you see Ms. Lomboy, make sure to say hi because being a teacher is a hard job.**
